

Train performance at Redcar Central railway station

How reliable were train services at Redcar Central station recently?

4-week period from	Train punctuality at Redcar Central	Trains cancelled at Redcar Central
	65.8%	12.4%
 NORTHERN	85.1%	3%
	75.5%	7.7%

What are we doing to improve:

North East – Tyneside, Teesside and Wearside

Jason Wade Regional Director for the North East, and his team, will be delivering:

- Short Term – work with Network Rail and British Transport Police to reduce the number of trespass and antisocial behaviour on the railway.
- Medium Term – implementation of the East Coast Mainline timetable in December 2025.
- Long Term - With Network Rail, we will reduce the impact of delays in autumn caused by slippery rails by carrying out targeted tree and vegetation management and delivering improvements to our trains.

Punctuality is the percentage of trains that arrived within three minutes of the scheduled time.

Cancelled means the percentage of trains that were scheduled to, but didn't stop, at this station. This does not include trains which didn't stop at this station if the decision was made before 22:00 the previous day.
